Introducing our SBA certified 8(a) Joint Venture

Value & Differentiators

JTech combines the agility and responsiveness of JCTM, a small business and leading C5ISR information technology services firm, with the experience, resources and past performance of ManTech International Corporation, a proven world-class government contractor. Together we provide customized technology services and solutions across the Intelligence Community, Department of Defense and Federal Civilian sectors.

- "Client First" Operations
- Exceptional CPAR Ratings
- Competitive Pricing
- Unbeatable Value
