JCTM & SEWP VI At A Glance

SEWP VI Overview

NASA SEWP VI is a Government-Wide Acquisition Contract providing federal agencies and their approved contractors streamlined access to current information technology, communications, and audiovisual solutions and services. Established in 1993, SEWP has evolved with federal technology needs and now supports more than 50,000 orders annually through a 0.34% contract fee.

SEWP VI Scope

How to Obtain a Quote

Federal agencies may request a quote from JCTM for IT services and solutions available under SEWP VI Category C. The process for obtaining a quote follows the steps below.

HOW TO ORDER - UTILIZING SEWP VI QUOTE REQUEST TOOL

Agency procedures and forms may vary.

The issuing agency—not the SEWP PMO—generates and awards the order.

Fair Opportunity

In accordance with FAR 16.505(b)(1), each eligible contract holder must receive fair opportunity to compete for orders exceeding \$10,000. Contracting Officers determine the competition method and document the basis for award. The SEWP Quote Request Tool is the recommended method for soliciting quotes and supporting the required documentation.
